mediums, sound-energy therapists and cosmic surgeons **Dr Mira Omerzel - Mirit** and **Tine Omerzel Terlep**, with the support of the **Vedun** Ensemble musician-therapists (**Igor Meglič, Matjaž Doljak**)

The Školjka Apartments, Jezera on the island of Murter, Croatia
Friday, 15th September – Sunday, 24th September 2017

A distinct ten day dry fast course, which fosters an exceptional expansion of consciousness and **spiritual growth**, takes place every year **on the island of Murter** under the auspices of the Veduna School. **It is intended for those who are ready for rapid and effective change and want to harmonise their lives and relationships, eliminate the impact of a stressful life and to balance soul and body.** The retreat greatly **accelerates spiritual growth and (self-)healing.** It is also full of joyful company. During the retreat, **3 to 4 days are spent without food and liquid, in silence. In the past, similar initiation fasts were practiced by most cultures and some still practice them today.** It is an extremely **fast harmonising and enlightening experience, full of insights and knowings.** The course is led by **Dr Mira Omerzel - Mirit**, a sound surgeon, spiritual teacher, cosmic telepath and a **medium** for the transfer of Universal life energies. Mirit has lived on cosmic energy, or prana, for more than fifteen years.

She spontaneously experienced this possibility for the first time in **1994 and has lived permanently without usual food**, occasionally even without liquid, **since 2000.** She has tested the expansion and **awakening of her dormant abilities and the increase of her energy flow** in different processes without food, including a (ten day) process in silence and darkness, all of which is described in detail in her books. With her

experiences, she wants to help all devoted spiritual seekers of happiness, peace, balance and well-being. Her work is being continued more and more by her son **Tine Omerzel Terlep**, who is also a **medium and a channel of life energy** into the physical world.

The Veduna dry fast on Murter and the weekend retreat on the Rogla plateau are both **supported by cosmic entities** and are exceptional **Veduna cosmic initiations with sound-energy surgery**. A Veduna dry fast greatly surpasses a normal fast! It unfolds **within a connection to the cosmic (sound) vibrational energy grid, or life soup, to the Source, the Logos of life**.

Consciousness expands greatly with the cosmic support of the **Universal Intelligence of life**, which makes **the cleansing of destructive and subconscious contents and emotional problems easier and more effective**. Participants receive **insights** about their lives and work. **Cleansed body liquids acquire the structure of harmonised liquid crystal**. **The entire organism and the body's immune system strengthen**, as does **spiritual power, assertiveness and (self-)awareness**. Throughout a Veduna fast, participants receive **an etheric infusion (energy support from the Source of life)**, which turns into body liquids. That is why, without ingesting liquid into the body, people pass water from their bodies completely normally and do not feel hunger after the second day. **Numerous are the miracles of this cosmic-earthly process, of this challenge which is as old as the world – miracles, which are very much welcome today**.

During the Rogla retreat, Mirit **selects from the newcomers only those spiritually 'broad warriors' who are ready for this extraordinary challenge and transformation**. And students of the Veduna School are of course always welcome at all courses (including those outside the school year), which share a common title **The Great Mysteries of Life**.

The Rogla retreat, to be held between the 7th and 10th of September 2017, **is obligatory for all participants of the dry fast** (check information on the Veduna websites).

You can apply in person at all courses and workshops of the Veduna School or via e-mail: registration@veduna.com. **The application deadline is the 20th of July 2017. In your application, state for which retreat you are applying** (for the Rogla retreat only or for both Rogla and Murter).
